

Dear Sir/Madam,

I am writing to apply for full time position at your organization . I am currently pursuing my Master's degree in Computer Science and would like to become an effective member of your Software Engineering team. The courses I have completed have given me a strong foundation in the tools, processes and methodologies involved in software development. I have a proven ability to learn challenging concepts quickly and have developed competencies in diverse areas.

My professional experience thus far has been focused on software development, in **Cognizant Technology Solutions**, as an Informatica Developer, my duties involved me in creating mapping, running the mappings in Informatica and writing Test case scripts in SQL for the applications. I have a good working knowledge of Linux or UNIX, wrote UNIX scripts to run the Informatica sessions. This gave me an experience of working with the team having the time constraints for the work to be done. The issues we encounter made me learn new things and achieved a capability of solving an issue in different ways so that we can select the optimized solution among them.

In addition to this experience, I gained the in-depth knowledge of programming skills during my part time job as a Computer Science Outreach Instructor. This job has not only given me the professional success but also an improvement of person I am. I also bring to the table strong computer proficiencies in JSP,HTML ,SQL and Java. As required, I would bring the following attributes to this position:

- Familiarization with each stage of the software lifecycle.
- Demonstrated ability to design and develop features using Object Oriented Programming
- Adept at writing well-structured and easily maintainable code using Java, J2EE, SQL.
- Implementation knowledge of Data structures and algorithms.
- Knowledge of NoSQL Databases(CASSANDRA)
- Great logical, debugging and reasoning skills

I was excited to see your opening and I hope to be invited for an interview. I have included a copy of my resume that details my success and achievements in software development field. I look forward to talk with you and would welcome an opportunity to discuss my Technical capabilities with you. I can be reached at (860) 709-2583 or via email at sahithi.reddy26@gmail.com.

Thank you for your time and consideration. I look forward to further discussing my qualifications for this job.

Sincerely,

Sahithi Karre
